**Subject:** Draft Agendas for Meeting on March 1 in Sacramento

Hi Ray and Charlie

I wanted to check in with you guys on agenda topics for our meeting next week on Exide and Argonaut. We are scheduled to meet on Argonaut in the morning, 10-noon and on Exide in the afternoon, 1300-1500.

We can meet at Cal/EPA on I Street or at DTSC's office in Cal Center, whichever you prefer.

For agenda topics, these are the areas we would like to cover:

## **Exide**

Overviews of the closure plan and the outside the fence-line cleanup plan (DTSC)

How DTSC is prioritizing among the residential parcels that require clean up (DTSC)

Interface with NEIC on lead speciation and enforcement (EPA)

Using GIS tools to manage the data (All)

Status of closure/clean up funding (DTSC)

Brownfields job training centers as a resource for Vernon community members (All)

We expect to have myself, Enrique Manzanilla, John Lyons, Deldi Reyes at the Exide meeting, with Tom Huettelman joining by phone. For the Argonaut meeting it will probably be myself, John Lyons and Enrique.

Let me know where you would like to meet. We'd like to have a conference line tie in available so Tom Huettelman can join.

Best, Dan M
